Dear Jeff,

It is a good piece of news that the Kite Club in our school is planning to recruit new members, so I am writing to invite you to join it.

As far as I know, the only requirement of the club is that you should have a keen interest in kites and be willing to participate in voluntary activities organized by the club. Once you are a member of the club, you will have more opportunities to attend lectures on kites and learn to make various kites with the help of kite-making experts. Also, you will be able to go to kite festivals across the country.

If you are interested in it, please send your personal information to the email address, thekiteclub@dfschoool.com.

Looking forward to your reply.

Yours,  
Li Hua
